ABOUT WE WILL

We Will is a national 501(c)(3) nonprofit organization dedicated to sexual assault prevention and survivor empowerment. The organization was founded in 2019 based on a study founder Brittney Herman conducted during her time in law school at Brigham Young University Law School. The study found that sexual education could be prevented through sexual education. Brittney, seeing no other organization working on prevention through education, decided to start her own.

The study is available at: https://scholarsarchive.byu.edu/byu_elj/vol2020/iss1/5/.

The logo for WE WILL is presented in a teal-colored rectangular frame. The text 'WE WILL' is written in a bold, teal, sans-serif font. The letters are spaced out, with 'WE' on the left and 'WILL' on the right. The frame is a simple teal border that encloses the text.

WE WILL'S MISSION:

“We Will prevent sexual assault and empower survivors through formal and informal education, community growth, and survivor support.”

PRONGS OF WE WILL'S MISSION:

Formal Education

We Will works across its state chapters to mobilize volunteers and concerned citizens to encourage legislative and educational change to incorporate sexual assault prevention education into public schools.

Informal Education

We Will provides presentations to colleges and universities, mental health professionals, K-12 Schools, youth groups, and parental groups, and provides education regarding sexual assault prevention and survivor empowerment on social media channels.

Community Growth

We Will through community events raises awareness of assault as well as change the narrative surrounding survivors of assault. It strengthens survivor resource centers through fundraising and alters community thinking surrounding these concepts to create a culture intolerant of sexual assault.

Survivor Support

We Will shares survivor stories to give survivors a voice where the justice system and their communities may have silenced them. We Will also connects survivors with resources to support their journey, whether that be reporting, exams, therapy, or other means.

PRESENTATION EXAMPLES FROM INFORMAL EDUCATION:

"What is Consent?:" Educating Participants Regarding Sexual Assault Prevention Education Concepts

"Our Personal Responsibility to End Sexual Assault": Empowering Participants with Knowledge to End Assault and Negative Survivor Attitudes

"Looking Evil in the Eyes:" Reflections from a Survivor Turned Advocate Helping Participants to Develop Empathy and End the Stigma

"Why Not You?": Encouraging Participants to Make Social Change through Telling We Will's Founding Story

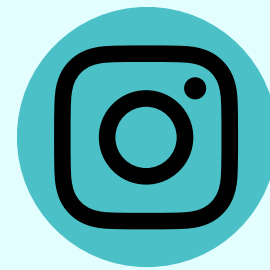

WE WILL'S IMPACT

14	State Chapters
56	Volunteers
70	Survivor Stories Told
28	National & State Bills and Proposals
32	Presentations
7,000+	Social Media Followers
